Creating a Tournament Draft in League of Legends

You are free to copy, distribute, and otherwise share screen images of the North America Scholastic Esports Federation Toolkits for educational purposes, including training, in-person or online teaching, presentations, review, evaluation, internal Club use, and handouts for related activities. You may not use North America Scholastic Esports Federation Toolkits screen images for commercial gain, and may not alter, transform, or build upon them without written permission from the North America Scholastic Esports Federation.

Each use from the North America Scholastic Esports Federation Toolkits should be attributed as follows:

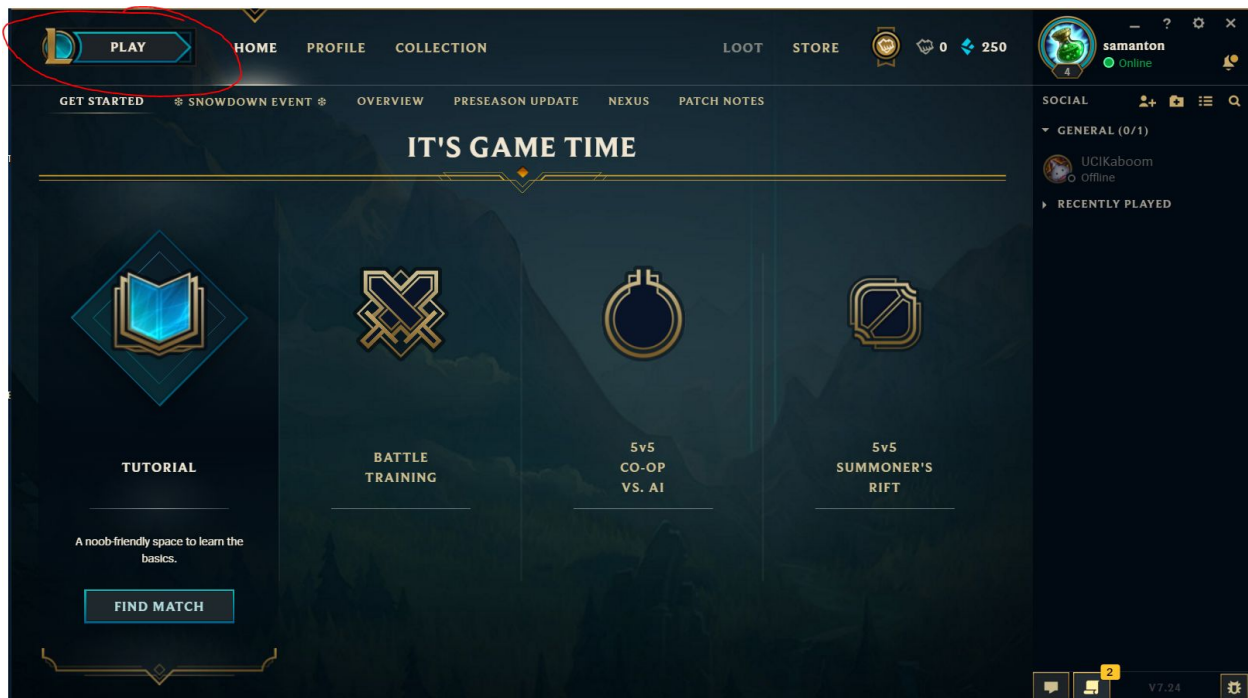

"Reprinted with permission from the North America Scholastic Esports Federation."

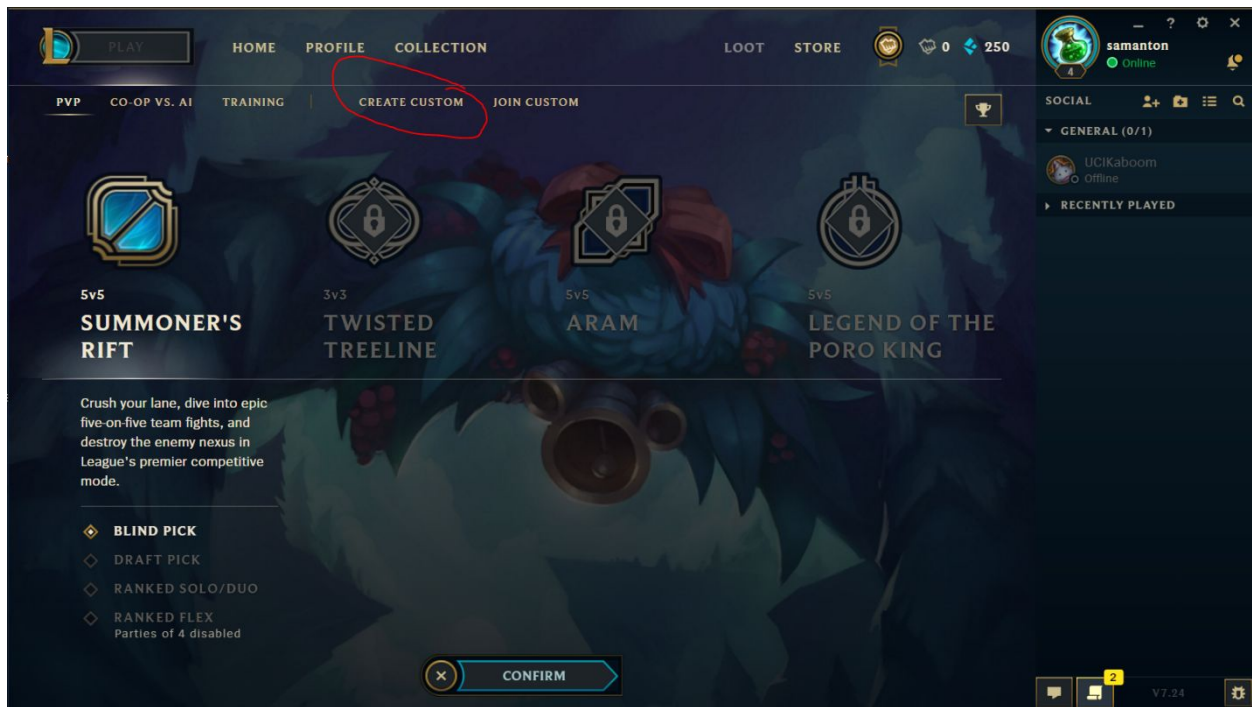

Open the League of Legends Client and log-in

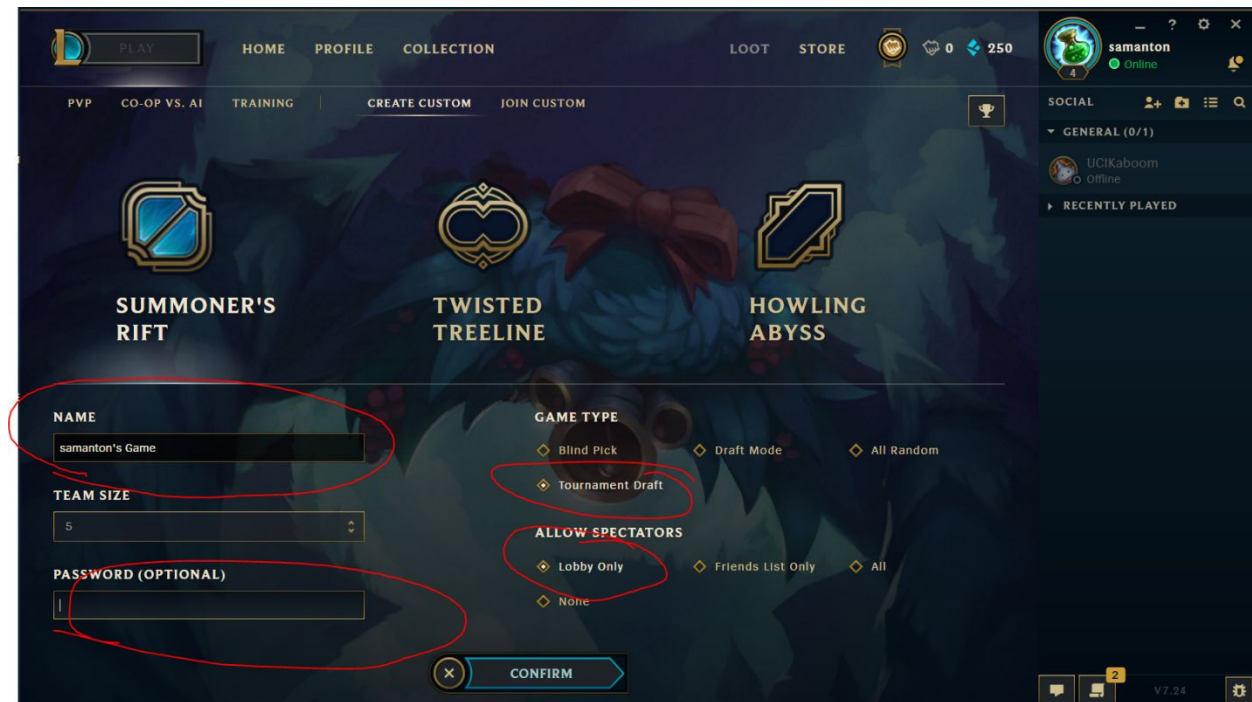

After logging in, press the PLAY button in the upper left-hand corner

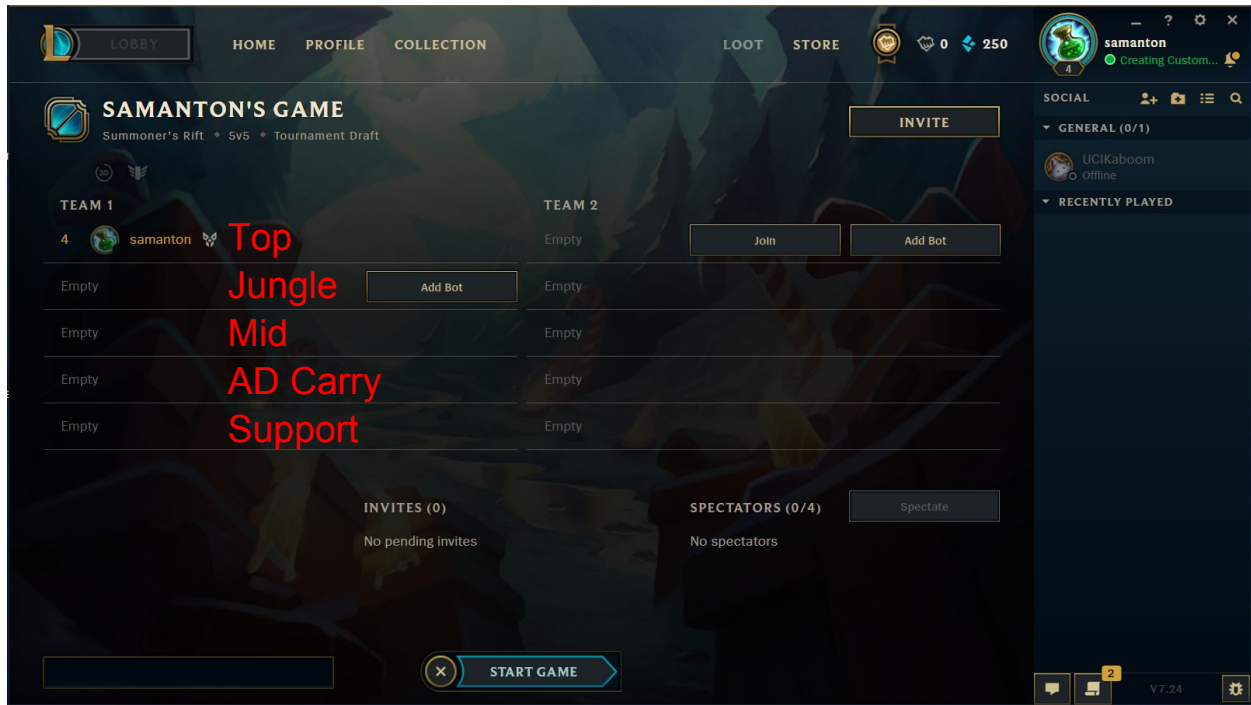

On the next screen, select 5v5 Summoner's Rift, and click Create Custom

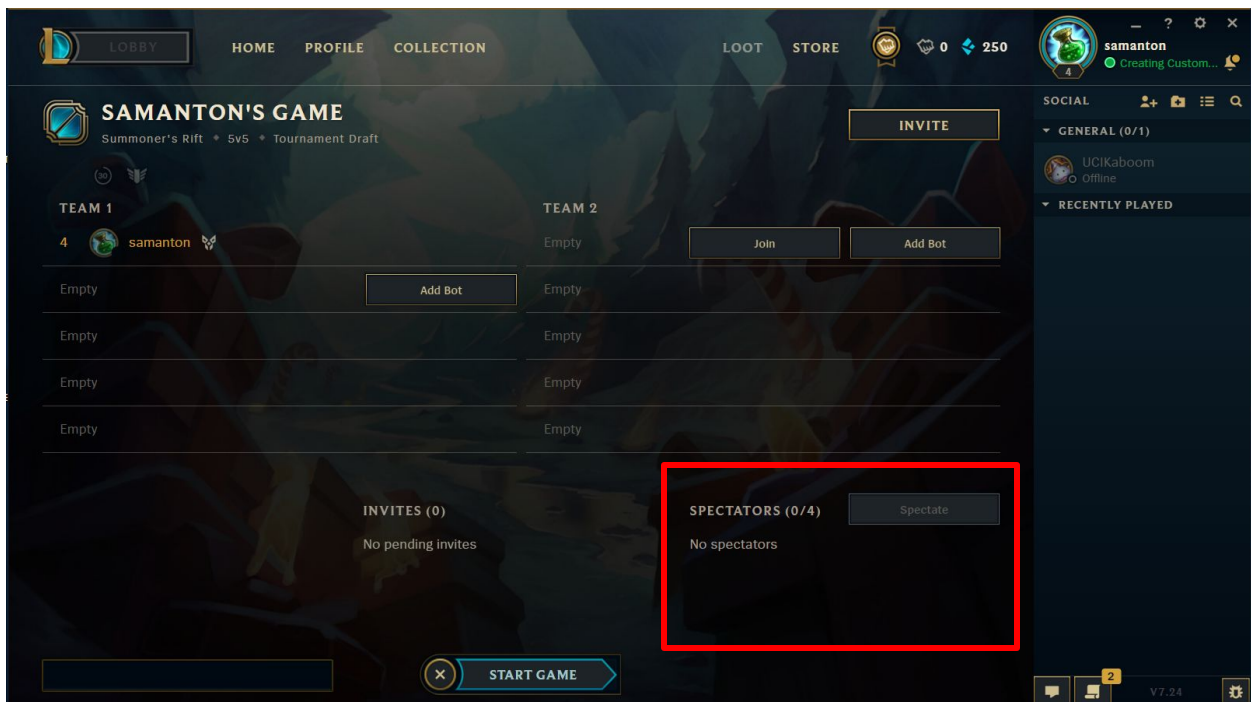

4. Enter Game Name, and place a Password (optional). Ensure Game Type = Tournament Draft, and Allow Spectators = Lobby Only.

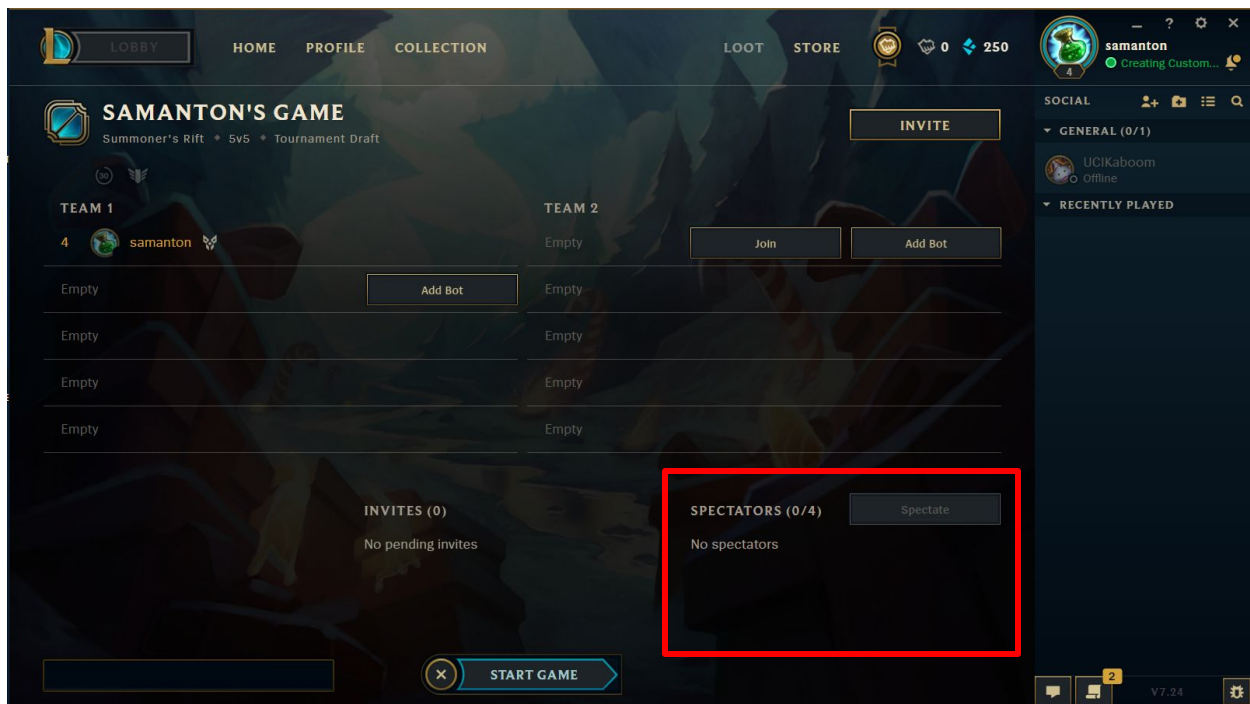

Invite Players into the Lobby. Ensure the players are in the follow order of positions: Top, Jungle, Mid, AD Carry, Support

If you are planning to have your match spectated, make sure to invite the correct Summoner Name into the Lobby, and have them join the Spectator section.

TIP: You can use the spectator slot to bounce players back and forth until they are in the correct order.

After you have both teams in the Lobby, in the correct order, and have all of your spectators, you can now click Start Game.

If your match is being streamed, wait for the NASEF production team to relay information about starting the game.
