CHALLENGE #4 WHEN I GROW UP : INTERVIEW AN ESPORTS PROFESSIONAL

Future-seeking STEM learners are always striving to learn more about the career opportunities that await them. Identify an esports professional and dig into what interests you related to their career. What insight can they share about the field? What path forward might they help you identify? How can you share your learnings with the rest of your club?

Challenge: Select someone working in the esports industry and interview them! Learn more about what they do, ask questions about what they recommend for you, and document your findings.

Award: Win a Western Digital SSD, mentoring session with an esports professional/collegiate athlete, and website/social media recognition.
