CHALLENGE #10 ADOPT A BOT: IMPLEMENT A BOT IN YOUR DISCORD SERVER

Bots on Discord can be really helpful for performing automatic functions such as role assignment. To do their jobs, bots generally follow algorithms, or a sequence of steps designed to accomplish a specific task. Working collaboratively with your colleagues, identify an area of need, plan our your algorithm and implement it in Discord. Then, sit back and enjoy while your bot does the needed actions for you!

Challenge: Create a Discord Server and implement a Bot!

Award: Win a 1-month Discord Nitro subscription, mentor session with an esports professional/collegiate athlete, and website/social media recognition.

Challenge Details

- Set up your Club's Discord Server or be added as an admin.
- Identify what you would like to automate in your Club's Discord Server. Examples include:
  - Polling your Club in an organized manner
  - Implementing automatic server moderation (banning, muting, etc.)
  - Automatically assigning Roles as people join your Club's Discord Server
  - Automatically sending a welcome message as people join your Club's Discord Server
- Select a Discord Bot to implement into your Club’s Discord Server.
- Add and authorize the Bot to your Club’s Discord Server
- Customize the Bot, troubleshooting any issues or errors
- Communicate with your Club on the addition of the Bot and how to use

Submission Requirements

- All entries must be submitted at Beyond the Game Challenges or within your Club Portal by Friday, January 31, 2020 by 5:00 pm PT|6:00 pm MT|7:00 pm CT|8:00 pm ET.
- There are three parts to submit for this challenge:
  1. Create a how-to guide on how to implement a Discord Bot for future Club members and upload in the submission form
  2. Upload screenshots of your new Bot in the Club’s Discord Server in the submission form.
  3. Respond to the following prompts:
     - Describe the Bot you decided to implement. What problems does it address? What are the key elements of the Bot? How do you think your Club members will respond to the Bot? (200-word limit)
     - How does your experience with coding and web development contribute to your career aspirations? How does it contribute to your Club? (200-word limit)
- This Challenge can only be submitted by an individual student.

Questions? For any questions, email us at info@esportsfed.org or via NASEF Community Discord.
